INSPECTOR GENERAL OF EDUCATION IN MYSORE

Mysore, ~~Bangalore,~~ 13th September 1897

No 2394/68

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR,

I have the honour to submit, for the sanction of Government from the State Funds, a list of new monthly grants-in-aid required from 1st July 1897. Every application has been most carefully enquired into, and thirteen of the schools for which new grants are recommended were personally inspected by me. The total amount required is Rs 339 monthly or Rs 4,068 yearly. In the budget for 1896-7 a very moderate sum of Rs 816 for new grants. That is partly comparatively large amount

Students' Home for the Tumkur High School and another of Rs 25 is provided for a Students' Home for the Hassan High School. The latter Home has been started from the beginning of this month. It is proposed to start the Tumkur Students' Home as soon as the grant is sanctioned. The principle on which the grant for a Students' Home is calculated is that the grant covers house rent if any and the wages of the absolutely necessary servants.

I have the honour to be,

Sir,

Your most obedient servant,

H J Bhabha

Inspector General

Mysore, ~~Bangalore,~~ 13th September 1897

From

H J BHABHA, Esq,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore,
General and Revenue Departments

SIR,

I have the honour to submit, for the sanction of Government from the State Funds, a list of increases of monthly grants-in-aid required from 1st July 1897 No increases of monthly grants were provided in the budget for 1896-97 Ten of the schools now recommended for an increase of grant were inspected by me personally and the claims of the remaining schools have been carefully enquired into

2 An increase of Rs 30 is recommended for the four London Mission Day Girls' Schools in Bangalore which together now receive a monthly grant of Rs 120 The four schools are in

(4)
Kilepete, Hosapete, Cubbonpete and Kumaba-
pete in Bangalore, and have on the roll
104, 103, 117 and 218 girls respectively they
are all Primary Schools According to the
annual returns of the schools the monthly
salaries disbursed in the four schools amount
to Rs 257 exclusive of the cost of super-
intendence, contingencies, prizes and other sundry
expenditure. The Lady Superintendent asks
for an increase of Rs 50 An increase of
Rs 30 may be sanctioned

3 At present a sum of Rs 1,000 a year is 1. 17
provided as a grant in aid of the Industrial
School, Hassan. Lately at my suggestion
a number of the High School boys have
joined the carpentry class, and they work
there after 5 P.M during the hours of recreation
Some small scholarships for them are required,
and the expenditure on tools and timber
has increased For these reasons I recom-
mend that the annual grant may be in-
creased to Rs 1,200

4 The total annual increase in the exist-
ing monthly grants recommended is Rs 2,408

I have the honour to be,

Amount of increase of grant asked for	Amount recommended for sanction	Remarks
20-	10	The increase of grant is required for the 4th std and additional master and a sewing mistress. The Dy Insp reports that the school justly deserves the additional grant of Rs 20/- for which an application may be submitted
	5-	The Assistant Dy Insp recommends that the school should be removed to a better building if provision is made for conservancy arrangements a carriage and a cart shed. The present accommodation is reported to be bad. No grant is asked for.
3	3	This school was getting a monthly grant of Rs 10 which was temporarily reduced to Rs 7 from the 1st May 1894. The sanction was therefore utilised. The Dy Insp reports that the master deserves encouragement.
10	10	The President points out that it is necessary to incur an additional expenditure for raising the Headmistress' salary, and that no income can be expected from the fees to meet the new charge even though they have been raised from 1st January 1897
10	10	Three students passed the Lower Secondary Examn in Dec 1896 from this school. Mr Rees says that the establishment of the Lower Secondary class has necessitated an increase of expenditure
3	3	Mr Rees says that the expenditure of the school should be raised for increasing the masters' salaries which are, it is reported, at present very low.
	10	There are 5 teachers in charge of the 5 classes besides a peon and a sweeper. Sawgapper Benaram says that as the monthly expenditure goes up to 50 Rs he can't help asking for Govt grant being raised.
15-	15-	The increased grant is asked for on the ground that provision is necessary for the employment of a Pandit for teaching Sanskrit. The Adjutakhas sends a list of 10 students who deserve to join the Sanskrit class
Rs 200 (annual)	Rs 200 (annual)	Mr S Cress, Superintendent says that the students of the Hassan High School were permitted to attend the Industrial workshop after 5 P.M., and points out the necessity for the award of scholarships to the students so that they may be induced to stay on till they qualify themselves for the public examinations. Hence the request for the increase of the annual grant from 1000 Rs to 1200 Rs. The scholarships allowed in 1895-96 amounted to Rs 504 and the wages of the teaching staff to Rs 708 which is the annual income from the school at present. Let me see if I can find out the actual income from the school for 1896-97

Order thereon No 5266-7 C&F 26-96 dated 10-11-97

In the list of new monthly grants the amount of grant recommended in many cases is more than what is admissible

under the grant in aid rules
dated 18th May 1873 In the absence
of explanation for the purely deviation
from the rules, Govt are not
prepared to sanction more than half
of the present establishment cost of each
school They are accordingly pleased
to sanction the award of grants in aid
as per annexed statement The private
Sanskrit school at Tumkur was
proposed to be made a Govt institution
in the D R A of 1896, while in the present
list a grant of Rs 15/ per mensem has been
recommended The people of Chickmagalur
have long been praying for a Govt girls
school in the station Chickmagalur
being the Head quarters of a District
a Govt girls school there, seems
desirable instead of an aided
institution The Insp Genl is requested
to make a separate reference about
this showing the present cost of
establishment of the Private Hindu

Govt institutions. With regard to the Students Homes at Tumkur and Hassan the attention of the Insp Gl is drawn to Govt pro no 1218 Ed I-42-96 dt 22-7-97 in which he was requested to frame rules for the management of these Homes. Such Information should also be furnished regarding the cost of establishment, the amount collected by the latter place for the purchase of Vessels &c and the existence of any Committees for the management of the same. Pending the submission of information, these 4 institutions are omitted from the list.

READ :—

Letter No. 2394—68, dated 13th September 1897, from the Inspector General of Education in Mysore, submitting for sanction a list of schools recommended for new monthly grants-in-aid amounting to Rs. 4,068 per annum, with effect from 1st July 1897.

2. Letter No. 2395—69, dated 13th September 1897, from the same Officer, submitting for sanction another list of schools recommended for increases of monthly grants-in-aid amounting to Rs. 2,408 per annum, with effect from 1st July 1897.

No. 5266-7—Ed. F. 26-96, DATED, BANGALORE, 10TH NOVEMBER 1897.

ORDER THEREON.—In the list of new monthly grants, the amount of grant recommended in many cases is more than what is admissible under the Grant-in-aid Rules, dated 1st May 1873. In the absence of explanation for such deviation from the rules, Government are not prepared to sanction more than half of the present establishment cost of each school. They are accordingly pleased to sanction the award of grants-in-aid as per annexed statement.

2. The private Sanskrit School at Tumkur was proposed to be made a Government institution in the Dasara Representative Assembly of 1896, while in the present list a grant of Rs. 15 per mensem has been recommended. The people of Chikmagalur have long been praying for a Government Girls' School in the station. Chikmagalur being the head-quarters of a district, a Government Girls' School there seems desirable instead of an aided institution. The Inspector General is requested to make a separate reference about this, showing the present cost of establishment of the Private Hindu Girls' School and the cost of establishment required for a Government institution. With regard to the Students' Homes at Tumkur and Hassan, the attention of the Inspector General is drawn to Government Proceedings No. 1218—Ed. F. 42-96, dated 22nd July 1897, in which he was requested to frame rules for the management, &c., of such Homes. Information should also be furnished regarding the cost of establishment, the amount collected for the purchase of vessels, &c., and the existence of any committees of management. Pending a report on these points, these four institutions are omitted from the list.

3. Turning to the Inspector General's second proposal, *viz.*, the *increase* of grants, Government are pleased to sanction the following increases :—

No.	Name of School.	Present grant.	Increased grant.	Increase.
		Rs.	Rs.	Rs.
